

30. Energy Policy in the EEC, June 1979
31. Development of the EEC Energy Policy - Present Issues, March 1979
32. Scientific-technological Cooperation with the EEC in the Light of the New Agreement Between the EEC and the SFRY, June 1979
33. Realization of Scientific-technological Policy in the European Community – Present Position, April 1979
34. Information on the Present Position in the Area of Scientific-technological Policy in the EEC, May 1979
35. Cooperation Between the SR of Slovenia and Developing Countries in 1977
36. Nomenclature of Innovation Activities, RKRĐ (Committee for Research of the Republic of Slovenia), 1977
37. Platform for MINESPOL II, UNESCO, 1978
38. Research and Innovation Processes, NUFIC, 1976
39. The Needs for Basic Research in Industry, EIRMA, 1978 (in English)
40. Methodology of Data Collection Concerning Research in the Economy, Federal Chamber of Economy, 1978
41. Research – A Component of Innovation Processes, UNESCO, MINESPOL II, paper/address in English
42. Scientific-technological Cooperation of SR Slovenia in UNESCO, RSS, ZAMTES, 1977
43. Scientific-technological Cooperation Between SR Slovenia and Developing Countries, Center for Research & Cooperation With Developing Countries, Ljubljana 1977
44. Present Position of Research in the SR of Slovenia – “Case Study” of 20 Work Organizations, RKRĐ (Committee for Research of the Republic of Slovenia) and Institute of Sociology, 1977
45. Research in Slovenian Economy – Present Position, Research Center, Faculty of Economics, 1975.
